

Invitation to join Yorkshire & the Humber committee

The CIHT regional committee works to promote the institution across Yorkshire and the Humber region. We thrive on the enthusiasm and initiative of our committee to help our wider membership to champion equality, diversity and inclusion, to access learning and professional development opportunities, and to tackle the climate emergency.

We are looking for people from all backgrounds to join our committee and help us deliver a programme for the years ahead.

Our committee is a hybrid team, meaning that we meet both in person and online at the convenience of our group. Whilst this is a voluntary undertaking, you'll get to meet people from across the sector with a similar passion and enthusiasm for the sector who can support you in your role.

We are looking for people to help us in one of two ways:

- **Fixed committee roles**
- **Flexible committee membership**

Fixed Roles

In these roles, you will have a dedicated responsibility and will be invited to attend our committee meetings every two months:

- **Equality Diversity and Inclusion (EDI) Officer:** In this role, you would lead on embedding ED&I culture within the committee, helping to organise events and championing initiatives aligned to the CIHT Strategy
- **Deputy Honorary Secretary:** In this role, you would support our current Honorary Secretary in arranging and recording committee meetings, ensuring governance procedures are followed and responding to regional correspondence.

Committee Membership

As a committee member, you will be able to attend our meetings every 2 months to discuss the programme, and the flexibility to take part in a number of programmes of activities on an ad hoc basis. These activities include:

- **Promoting Equality Diversity and Inclusion**
- **Attracting and recruiting new CIHT members**
- **Engaging with emerging career professionals**
- **Hosting Continuous Professional Development (CPD) events**

What's in it for you?

Joining the committee gives you the opportunity to:

- Develop new working relationships, build on communication and organisational skills, as well as experience in business planning and helping to manage committee business
- Help shape the future development of the CIHT
- Access professional networking
- Expand your Continuing Professional Development (CPD) portfolio.

How to apply

To apply, download and complete the [Regional Committee Nomination Form](#). If you need help with finding proposers, or have any other questions, contact regions@ciht.org.uk
